

Birds and Mammals to Listen for In Maine

Red & Gray Squirrel's- Hear their sounds:
[Red Squirrel here](#) [Gray Squirrel Here](#)

Bobcats have lots of sounds... some you may have thought were other animals. [Listen here](#) and [Here](#)

Skunks don't say much but they tend to squeal during social encounters... [check it out here](#)

Gray and Red Foxes- Hear their sounds:
[Gray Fox barking here](#) and [Red Fox Scream here](#)

Racoons can make a racket : [Here](#) They also can scream at night like other animals... sometimes they are just trying to get their point across!

Coyotes have lots of noises too. Some people may not like predators, but they are very important to our environment!
[Here is a quiet recording of just one](#)
